They will offer their views of the highlights and challenges during their terms as NEACEFE president and how they now look back to see NEACEFE and the broader field of Cooperative/Experiential Education from the perspective of today. We've provided our guests with some talking points consisting of pivotal events in our field and NEACEFE's history as a framework for discussion, although ad lib is likely to be expected as well. Audience participation is enthusiastically encouraged.</i>	Pines Room Hayden Lodge
